

Ingleton & District

Our Community Response to Coronavirus

This wonderful community of ours has been busy these past weeks. More and more friends, neighbours and others have volunteered both their help and information about helpful businesses around and about so, because of this, we have produced this updated edition of the newsletter. Our reason for bringing more news and offers for help is, first and foremost, to let you know: YOU ARE NOT ALONE.

We are one community and we want to fight this problem with you. Every one of the people who have volunteered to go shopping or walk your dog or listen if you want to call, they want you to ask. They want to be a part of this war effort. They want to help you. And they want you to be sure of one fact, one more than any other, that YOU ARE NOT ALONE.

We have over 70 people on our Ingleton Village Support Whatsapp page. Primarily it is to offer help and support to each other but it does have its lighter side where people post funny messages or online humour, so whilst we can hear who is going to the shops today and offering to bring anything back with them, they might also copy in an amusing message or film that is being shared online around the country, if not the world!

By keeping this communication going we help those who must follow the official guidelines, primarily STAY AT HOME AS MUCH AS POSSIBLE to wait until the day comes when new guidelines come to tell us how we can start to emerge from this self isolation. It's a long haul, but we will get through this.

Naturally, because of some people being at high risk, not everyone is able to officially volunteer and give details of how they can physically help, but those who did are listed below. (if I have missed out anyone please let me know and I'll update straight away). It is interesting and very clear to see though, despite not being able to go out and help, those who must stay at home are equally successful at keeping this community support going. We are communicating. We are interacting. WE ARE NOT ALONE

This all being said, or written, and whether or not you are online, please keep in touch. We are working on getting paper copies to those who are not online so that updated newsletters can be seen by everyone. (It would be helpful if those actually getting ONLINE copies could check with immediate neighbours whether they get a copy and, if not, either print one off for them or let us know who they are).

STAY SAFE - STAY AT HOME - STAY IN TOUCH

INGLETON SUNFLOWER COMPETITION

The Community Association is going to run a Sunflower Competition for children who live in Ingleton and those who attend Ingleton School - all are invited to enter.

The aim is to grow the tallest sunflower and all will be provided with a plant pot, seeds and compost, which can be collected from the Village Notice Board or outside the School. There will also be a small piece of clay in the bag to make and paint a sunflower. Please send a photo and measurement of your sunflower to Michelle Vickers by 30th August. The Community association will donate a prize for the winner. To enter the competition please text Michelle Vickers 07746083205.

AVAILABLE FUNDING FROM OUR COMMUNITY ASSOCIATION.

At this time when the community has come together to support each other and share ideas about activities to help in the current lockdown situation the Community Association would like to remind everyone that there it has a Community Fund to support community projects. The rules of the fund are given on the next page.

The Fund will make available contributions towards projects proposed by members of eligible local communities. These projects will be required to meet the objectives of the Community Association and the final decision on whether they will be supported will rest with the Community Association. In summary the Objectives of the Community Association are to:

- a. promote the advancement of education and provide facilities in the interests of social welfare for recreation and leisure time occupation
- b. manage and maintain Ingleton Village Hall.

So, briefly, if you wish to propose a project for consideration you should :

1. Be prepared to demonstrate to the Community Association that it meets one of the above objectives.
2. Be able to demonstrate that it has the support of others in the community ie fulfils a community need.
3. Have prepared a plan with costs and timescale on how it will be organised, managed, delivered and controlled.
4. Be able to give some idea of ongoing commitment, for example running costs

With the exception of 1. the above criteria will evolve to match the variety of submitted projects. Please contact any member of the Community Association Committee if you want to discuss a proposal prior to a formal application.”

List of help - see next pages.....

Now, here is an updated list of volunteers to contact and businesses who are still available for business. Proof indeed that YOU ARE NOT ALONE.

Community Volunteers

From 'One of Our Own' in GIngleton

Colin Scott has set up a gin distillery from scratch - based in Newton Aycliffe and has plans to open an aviation themed bar when this lockdown ends. He can still do local deliveries so is happy to include Ingleton. The good news is that we Ingletonians get a further 10% off the discounts by including Ingleton10 in our orders. There's also a wide selection of fever tree tonics to accompany the gins.....Herbal lime; Herbal (lemon); Mediterranean lemon and Spiced. Contact www.theherbalgin.com *All the best Colin!*
